Commissioner for Patents

Sir:

It is respectfully requested that a Certificate of Correction be issued in connection with the above-identified patent. The errors noted are mistakes of a typographical nature, one of which was made by the attorneys for the Applicant. The mistakes were made in good faith, and correction thereof would not constitute new matter or require reexamination. It should be noted that the error in printing by the PTO is in regard to the relationship of the instant application to its parent case. The change to a divisional application was required by the Examiner in this case and was effected by an Amendment filed by the applicant. It is thus believed that the errors warrant the granting of a Certificate of Correction since it is directed to the relationship with its parent case and the claims. Attached hereto, in duplicate, is Form-1050, with at least one copy being suitable for printing.

Please charge Deposit Account No. 18-0013 the \$100.00 fee set forth in 37 C.F.R. § 1.20(a). If additional costs are required, please treat this as authorization to charge such further costs. A duplicate of this request is attached.

Respectfully submitted,

Dated: July 28, 2005
